Kelaniya, Sri Lanka

SUMMARY

Third-year Software Engineering undergraduate at the University of Kelaniya with a strong passion for full-stack development, business analysis, and project management. Skilled in building innovative, real-world solutions using modern tech stacks and automation tools. Enthusiastic about contributing to impactful projects, collaborating within dynamic teams, and continuously growing as a developer, problem solver, and future technology professional.

EDUCATION

University of Kelaniya,
B.Sc.(Hons.) Software Engineering

2024 – Present | Kelaniya, Sri Lanka

- CGPA : 3.67
- Specializing in: Net-Centric Applications, Data Science and Engineering Applications, Business System and Modeling, Health Informatic Applications domains

H/Magama Central Collage, G.C.E. Advanced Level

2019 – 2022 | Hambantota

- Z-Score : 1.5683

SKILLS

Front End:

React, JavaScript,
HTML5, CSS

Backend:

Express.js, Node.js,
Java, PHP

Database:

MongoDB,
MySQL

Tools:

Git, Docker, Figma,
Jira, Canva

PROJECTS

ReserveX , Academic - Group

01/2026 – 03/2026

ReserveX is a modern, full-stack web application designed to manage stall reservations for the Colombo International Book Fair. It provides a seamless, interactive experience for book vendors to select, reserve, and manage their stalls, while offering administrators a powerful dashboard to oversee the entire event.

Tech Stack

- **Backend** : Java 17, Spring Boot, Spring Security, Spring Data JPA, MySQL
- **Frontend** : React, Vite, Axios, React Router
- **Tools & Integration** : JWT Authentication, SMTP Email Service, Maven

Air Journey , UI/UX Mobile Design [Individual]

11/2025 – 01/2026

This Figma design project focuses on creating a smooth, user-centered travel booking experience where users can easily search flights, plan trips, and manage itineraries through a clean and intuitive interface.

It delivers a modern, visually appealing UI with seamless navigation, ensuring a simple and efficient booking and travel management flow.

Tech Stack

• **Tools & Integration** : Figma (Wireframing, UI Design, Prototyping), Auto Layout, Components & Design System, Responsive Layout Principles

Readify , Academic - Group

08/2025 – 10/2025

Readify is a modern online book store platform that allows users to explore books, add new listings, and view detailed reviews and ratings. It delivers a smooth and intuitive experience for discovering and managing books through a clean, user-friendly interface.

Tech Stack

- **Backend** : PHP, MySQL
- **Frontend** :HTML,CSS,JS
- **Tools & Integration** :RESTful API, Session-based Authentication, MVC-style modular PHP architecture

CERTIFICATES

CSS(Basics) HackerRank
